Home >Classes >Core Classes >Bard > Genius Bards can learn or create masterpieces, unusual applications of Bardic display capability that require special training. GG can use these creations to inspire your ideas to other creations. Creations should generally be more powerful than no cleric or magician/wizard need to select masterpiece for minimal level as magic available for a castor of the same level (a masterpiece requiring 7 ranks in performance requires a 7-level bard, and thus a 4-level cleric or magician/magician should be no more powerful than magic). Masterpiece details follow the following guidelines: In addition to the name of the masterpiece, this line indicates which skill or skill performs depends on the masterpiece. Requirements: Like feats, creations are prerequisites that a bard should meet to get to know them. Only bard creations can learn. Cost: Each masterpiece has an associated cost to learn it. Typically, a bard should spend one of his bard spells known about a specific magic level or choose it in place of an achievement. The Bard can spend a bard knowing a masterpiece to spell known levels over the listed level (for example, a 4-level spell known for knowing a masterpiece that requires a 3-level magic expense known to be known). Effect: This brief description summarizes that when a bard does the masterpiece. Unless otherwise called, the effects of a masterpiece are supernatural. Reluctant creatures can make an attempt to protect against the effects of a masterpiece; Save DC 10+1/2 Bard levels for creations + bard's charisma is equivalent to bonuses. Use the Bard Caster level for creations that have duplicate spells to level the magic caster. Use: This line specifies how many bards should be performed using the bard to activate the masterbation. In some cases, the Bard Bard may extend the duration of the masterpiece by spending additional rounds of performance, as if it were any other use of bardic performance. Bard Bard spends the listed number of performance rounds when he starts performing the masterpiece; If he's interrupted, the effort fails and spending performances are losing round. Action: This line indicates the type of action that performs the masterpiece. If it requires only one standard action to activate, being able to activate the baric performance more quickly (at the 7th level, activation is a move action, and in the 13th, it becomes a quick action) also applies to the masterpiece. Unless otherwise called, effects or feats that extend the duration of the Bardic display (such as dull display achievement) do not apply to creations.
